

REAL FOOD, FULL OF Natural Flavours

SUPER LOCAL

A wholesome dining concept with 98% of our menu prepared from scratch using locally grown, organic and sustainable produce and products.

Verde Kitchen is committed to supporting the local Singapore food economy. 50% of the Verde Kitchen menu incorporates locally- and sustainably-sourced high-quality ingredients that provide superior taste and a benefit to society through Fairtrade and other certifications. Suppliers include local independent organic vegetable farms, floating fish farms and free-range lacto-free poultry farms in Singapore and Johor.

Verde Kitchen chefs harvest leafy vegetables and herbs – lettuce, arugula, spinach, kale, rocket and basil – from the Vertical Garden on property. Products from the Vertical Garden do not require pesticides or packaging.
